

# RICK HANSEN GLOBAL ACCESSIBILITY MAP VOLUNTEER

In 1985, inspired to make a difference in the lives of others - and fuelled by a deep seated belief that 'anything is possible' - Rick Hansen set out on an historic journey. His dream was twofold; to make communities accessible and inclusive, and to find a cure for spinal cord injury. Wheeling through 34 countries on four continents, Rick and his team battled the elements and the odds for two years, two months and two days. The Man In Motion World Tour raised awareness of the potential of people with disabilities and an astonishing \$26 million. It taught people of all abilities the power of the human spirit and what is possible when they have the courage to try.

Our Foundation team continues to pursue the same dream that first inspired the Tour, and is committed to funding leadership and innovation that will accelerate progress toward a healthy planet with healthy people living in an inclusive society.

March 21st, 2010, marked the beginning of the 25th Anniversary of the Man In Motion World Tour - a global campaign that is inviting governments, corporations and individuals to celebrate progress that has been made, and to join Rick in his journey towards a more healthy and inclusive world.

Be part of our 25th Anniversary Team and join the journey. If enough of us choose to change even one small thing, together we have the power to change anything. Together, anything is possible.

## JOB SUMMARY

Volunteers will complete a variety of administrative tasks that support one of the exciting initiatives of the 25th Anniversary, the Rick Hansen Global Accessibility Map.

The RHGAM volunteers have the opportunity to learn new and transferrable skills, and to gain knowledge and experience with the Rick Hansen Foundation. They will learn about accessibility in the built environment while completing volunteer or community service hours and will be a Difference Maker in their community.

A letter of reference will be made available to volunteers upon completion and at their request.

## KEY ACCOUNTABILITIES

- Data entry - entering venues for locations across Canada and within the lower mainland into the RHGAM database
- Reviewing - canvassing select areas of the lower mainland and completing and submitting reviews for accessibility to the RHGAM database

## QUALIFICATIONS

Excellent attention to detail. Strong computer skills. Ability to follow specific instructions. Ability to work independently.

## OTHER INFORMATION

- **Location:** Volunteers have the ability to work from home and will require a computer with internet access. Some volunteers will be asked to canvass selected areas of the lower mainland and every effort will be made to ensure the locations are convenient for the volunteers.
- **Duration:** Immediately - December 31, 2011
