

RHFAC Training Course

Continuing Education Unit Eligibility

The RHFAC Training course is formally recognized for continuing education units (CEUs) by the following professional bodies:

In Canada:

- The Alberta Association of Architects (AAA)
- The Architectural Institute of British Columbia (AIBC)

In the US:

- American Institute of Architects (AIA)

Students can also self-report CEUs to:

- Engineers and Geoscientists BC (EGBC)
- Association of Professional Engineers and Geoscientists of Alberta (APEGA)
- Professional Engineers of Ontario (PEO)
- Engineers Nova Scotia (ENS)
- Manitoba Association of Architects (MAA)
- Ontario Architects Association (OAA)
- Nova Scotia Association of Architects (NSAA)
- Architects Association of Prince Edward Island (AAPEI)
- Ontario Association of Certified Engineering Technicians and Technologists (OACETT)
- ARIDO (Association of Registered Interior Designers of Ontario)
- Architects' Association of New Brunswick (AANB)

If your professional body is not listed above and you believe the RHFAC Training course would be eligible for course credits, please contact us at training@rickhansen.com.
